Vision of Site Council

The purpose of Rosemead High School's School Site Council is to support the needs of our at-risk students. The goal is to improve academic achievement while closing the achievement gap. This

is achieved by building relationships with students and families and understanding the connections of current and potential programs to academic success. This is accomplished through a continual process of evaluating, adopting, and funding those programs. School Description (2019-20) Rosemead High School is located near the center of the sprawling, picturesque San Gabriel Valley and is one of five comprehensive high schools in the El Monte Union High School District. Rosemead High seeks to establish itself as a school that emphasizes student-centered learning in a technology-rich environment. The campus has 76 classrooms and a full-time certificated staff of 75 who provide support for approximately 1,693 students. Most teachers either hold advanced degrees or are in the process of obtaining graduate degrees, reflecting a continuous commitment to professional improvement. Currently, Rosemead High School has five elementary and two middle feeder schools. As one of five comprehensive high schools in the El Monte Union High School District, it serves students from the cities of Rosemead, Temple City, San Gabriel, El Monte and South El Monte. The stakeholders of Rosemead High School are committed to providing the best possible educational and leadership opportunities for both students and staff. The staff includes seventy-five classroom teachers, five counselors, one Welfare and Attendance Coordinator, librarian, resource teacher, one Comprehensive Student Support Coordinator, one Parent Liaison one Career Center Counselor, sixty-eight classified staff members and four administrators. Approximately fifteen percent (264) of the student population in 2019-2020 have been designated as English Language Learners. Twenty-two percent (22%) of currently enrolled students (381) report English as their primary language, while fifty-eight percent (58%) are considered FEP/RFEP students (1032 total students). Currently, there are twenty-five (25) languages spoken on campus. The school has approximately seventy-nine percent (81%) of its students receiving Free/Reduced Price lunches. As a School-wide Title I school, all students qualify for Title I services. Approximately twelve percent (18%) of the student population is receiving Special Education services and over seventy-eight percent (78%) of all students come from backgrounds where the language spoken at home is one other than English. As a Schoolwide Title I school, all students qualify for Title I services. The McKinney-Vento Homeless Education funding provides federal funds for students who live in the Rosemead High School area. The Title 1 program funds are used to help qualifying students by providing students with necessary instructional supplies and additional services when attendance/behavior is a result of homelessness.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Goal Subject

English Language Arts: Literacy and Writing

LEA/LCAP Goal

GOAL 2: All students will be provided with access to standards-aligned instructional materials and a broad course of study where the adopted academic content and performance standards are implemented.

GOAL 3: Student achievement will increase in Literacy, English Language Arts and Mathematics, for all students, including English learners and Students with Disabilities, as measured through the identified metrics.

GOAL 5: Increase pupil engagement and provide a safe school climate.

Goal 1

Goal: Hispanic/Latinx Student Achievement Improvement (HSA)

GOAL OBJECTIVE

The number of Hispanic/Latinx students meeting or exceeding standards as measured by California Assessment of Student Performance and Progress (CAASPP) and Smarter Balanced Assessment Consortium (SBAC) English/Language Arts (ELA) and Math tests, or similar tests, will increase school-wide in comparison to Asian students for 2022-23, while improving achievement for both groups of students. Moreover, the gaps in College and Career Readiness and Suspension Rates, both reported on the school's Dashboard, a system of accountability from California Department of Education (CDE) which charts various measures for educational success per school, will decrease.

Identified Need

ISSUE STATEMENT

Self--study findings indicate a need to continue to develop, implement and monitor programs to address the needs of all students in the areas of literacy, writing and mathematics.

In reviewing data, we identified the achievement gaps of our significant subgroups especially in the areas of literacy, writing and mathematics. The gaps are evident among subgroups with our Asian students outscoring the other four significant subgroups in Eleventh grade assessments.

We need to continue to monitor comprehensive data team systems that will increase student performance on state, and local assessments in all areas. Student performance on SBAC Interim Assessments need to show growth.

English Learners need to improve by at least one level on the ELPAC test each year so that they achieve proficiency on state exams and meet the district's criteria for reclassification.

Goal 2

Goal: English Learners: Achievement, Proficiency, and Intervention

GOAL OBJECTIVE

1. English Learners will meet the Title III Accountability performance targets. The percentage of English Learners meeting ELPI will increase from 47.2% to 60%.

Identified Need

ISSUE STATEMENT

From our Western Association of Schools and Colleges (WASC) accreditation self-study, findings indicate a need to further develop, implement, and monitor structured instructional programs that provide for the specific academic needs of English Learners to promote their academic achievement.

For example, there are significant gaps in achievement between English Learners and the rest of the student body of Rosemead HS as shown in CAASPP and SBAC ELA and Math scores below. Our percentage of English Learners making progress towards English proficiency in 2021-22 was only 47.2%. The percentage of English Learners making progress towards English proficiency is known as the English Learner Progress Indicator (ELPI).

GOAL 3: Student achievement will increase in Literacy, English Language Arts and Mathematics, for all students, including English learners and Students with Disabilities, as measured through the identified metrics.

GOAL 5: Increase pupil engagement and provide a safe school climate.

Goal 3

A comprehensive Mathematics Program is emerging that will increase student achievement of the Common Core State Standards (CCSS). Our findings indicate a need to strengthen our Mathematics Program to address low academic performance for all students. Achievement gaps are evident between the highest performing subgroup (Asian) and the Hispanic, Socioeconomically disadvantaged, English Learner, and Students with Disabilities.

Identified Need

There is low academic performance in mathematics across subgroups of students at Rosemead High School. Furthermore, there is a gap between ELA and Math achievement among all significant subgroups of students, as shown in CAASPP scores for ELA and Math.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
