RFI #	SUBJECT	QUESTIONS	OFFICIAL RESPONSES	RESPONSIBLE BID PACKAGE	CHANGES PER ADDENDA
PB-1	Siemens Controls	<p><i>From: Jesse Del Rio - Next Level EMS</i></p> <p>1.5 APPROVED CONTROL SYSTEM CONTRACTORS AND MANUFACTURERS A. The contractor shall use the Siemens Apogee System. No other manufacturer shall be accepted. This item is being sole sourced per Public Contract Code Section 3400, subdivision (b) (2) to match equipment in use at the project either completed or in the course of completion. B. Siemens Industry, Inc. – (714) 227-5140 – Doug Pittard. No substitutions shall be accepted. No known equal.</p> <p>Clarification: Next Level EMS is an Authorized Siemens Dealer. We are authorized to install Desigo CC which is the latest software Siemens has available, both Siemens Branch and Next Level are authorized to install Siemens Desigo CC. Next Level can even integrate into legacy Siemens Insight if that's a requirement. By allowing Next Level to provide Siemens controls this would allow competitive bidding per public contracting code.</p> <p>Please confirm if Next Level EMS is approved to bid this project utilizing Siemens controls.</p>	<p>Controls shall be Carrier I Vu to match existing control system. Plans show existing controls to be reused.</p> <p>Tony Ramirez DCGA Engineers</p>	13 - HVAC	Scope Clarification
PB-2	Project Schedule	<p><i>From: Allison Grijalva (Pierre Landscape, Inc)</i></p> <p>Will a project schedule be provided?</p>	<p>Project Milestone Schedule was provided via Addendum 1 on October 26, 2022. This document can be accessed via the district's website: https://www.emuhdsd.org/Page/146.</p>	--	Schedule Clarification
PB-4	Bid Package No. 5 (Landscaping & Irrigation) Estimated Value	<p><i>From: Tiffany Trujillo - KASA Construction, Inc</i></p> <p>Requesting Estimated Value of project by Bid Packages. Specifically Bid Package No. 5 - Landscaping & Irrigation. This is needed for Bonding purposes.</p>	<p>There are no estimated values for respective bid packages. The only estimated value provided is the Project Cost Estimate of \$24,000,000.00.</p>	--	No Change
PB-3	Project Labor Agreement	<p><i>From: Tiffany Trujillo - KASA Construction, Inc</i></p> <p>Please confirm whether this project is subject to a PLA (Project Labor Agreement), a PSA (Project Stabilization Agreement), a CBA (Collective Bargaining Agreement), a CWA (Community Workforce Agreement), or anything of that nature?</p>	<p>This project is not subject to any labor agreements or anything of that nature.</p>	--	No Change
PB-5	Landscape Maintenance Service per Bid Package Inclusions	<p><i>From: Alex Yuchongtian - Pierre Landscape, Inc</i></p> <p>Bid package 05 inclusion #23 notes that the maintenance service period does not start until date of Certified Completion is established by owner. Given that the work is completed in phases, shall we anticipate that the start of landscape maintenance and certified completion by owner will be granted upon completion of each phase. Or if Landscape maintenance start date will only be granted until completion of the project in its entirety, with the projected completion date of April 2024. Therefore, warranting interim maintenance requirements.</p>	<p>Landscape maintenance start date will be granted until completion of project in its entirety; therefore, Contractor is to provide interim maintenance through the completion of the project.</p>	05 - Landscaping & Irrigation	Maintenance Scope Clarification
PB-6	Sitework Working Hours	<p><i>From: Alex Yuchongtian - Pierre Landscape, Inc</i></p> <p>Please confirm that sitework may be performed and coordinated during school hours. Note that crew sizes will be properly managed to accommodate day work only, delineators will be provided, and care will be taken to not disturb ongoing campus activities.</p>	<p>Landscaping work will be performed in phases. Assume multiple mobilizations and assume work will be performed over summer and while school is in session. Delineators will be required to not disturb active campus.</p>	05 - Landscaping & Irrigation	Scope Clarification
PB-7	Landscape Demo Clarification	<p><i>From: Alex Yuchongtian - Pierre Landscape, Inc</i></p> <p>Refer to Partial Demolition Plans C1.1 – C1.5. There exist demolition notes in the legend indicating tree and landscape demo, though they are not specifically listed or illustrated on the plans. Please advise and confirm that the demolition subcontractor and Bid package 01 is to provide demolition of all landscape and sod, clearing of trees and shrubs, and rough grading of all areas intended to be relandscaped. See diagram below superimposed landscape area on top of the demo key map. Please advise.</p>	<p>Confirmed. Demo contractor (BP 1) will be responsible for all landscape demo.</p>	01 - General Construction	Scope Clarification

PB-8	Electrical/Low Voltage Clarifications	<p>From: Richard Hernandez - Federal Technology Solutions, Inc</p> <ol style="list-style-type: none"> Can cabinet/rack elevation details and locations for each IDF and MDF be provided? Is OSP backbone cabling required between the MDF & IDF buildings (i.e. Fiber, Copper.)? CCTV locations are not depicted on the drawings. Can this be provided? Does a Structured Cabling, Audio Visual, and Security all have to be provided in order to submit our proposal? Please provide Security Card Reader manufacturer and cable type? Please clarify an open triangle on the drawings, with no number associated with it will receive (1) Category 6 cable at the outlet location. Are all ceiling spaces considered to be a plenum rated environment? How many Category 6 cables are to be provided for each WAP location? Are there specific part numbers required for the Berk-Tek/Leviton solution? 	<p>1) MDF and IDF's are existing.2) No, MDF and IDF's are existing. 3) No new CCTV locations required.4) Yes.5) Information provided as part of Addendum.6) Yes.7) No, most areas are ducted return.8) (2) per electrical symbols list on E0.02.9) No. DCGA EngineersC. Villalobos11/21/2022</p>	11 - Electrical and Low Voltage	Scope Clarification
PB-9	Coating Clarification	<p>From: Rick Delaloza - AME Builders, Inc</p> <p>Spec Section 07 54 30 - B - 10 states to "Apply acrylic to asphalt primer over existing surface prior to any repairs or acrylic roof coating. Repair any voids, tears or deficiencies with 3-course treatment of Acrylic Flashing with Polyester Reinforcement. Install 3 gallons of Acrylic Elastomeric Reflective Coating (2 passes at 1.5 gallons per 100 square foot each) up and over the existing parapet wall."</p> <p>What coating is being referred to? Where are the specifications for it? And what bid package is responsible for it?</p>	<p>Bid Package #04 is responsible for this coating. , Refer to Specification section 07 54 30 Subsection 2.2 for basis of design manufacturer information. Hernan ChavezDLR Group 11/7/2022</p>	04 - Roofing and Sheet Metal	Scope Clarification
PB-10	Architectural Symbol Clarification	<p>From: Rick Delaloza - AME Builders, Inc</p> <p>What does RT-2(B) represent? It is on the plans twice at both lower roof sections at the North and South parts of the roof.</p>	<p>Roof plan tag RT-2 (B) represents roof type A or B as outlined on detail 26/A10.1. Roof tags used will be RT-2 (A) or (B) on buildings K and M. Type (C) will be revised to read type (B) in upcoming Addendum 2. All other buildings will use RT-2 (A) for single ply over wood deck. See attached roof detail 26/A10.1 for your reference. Hernan ChavezDLR Group11/7/2022</p>	04 - Roofing and Sheet Metal	Scope Clarification
PB-11	Bid Package #13 Clarifications	<p>From: Rick Delaloza - AME Builders, Inc</p> <p>Please clarify if bid package #13 will supply and install or just supply all roof pipe flashing for all HVAC pipe penetrations for bid packages #4 to install? Same question for the sheet metal counterflashing at mechanical units.</p>	<p>Bid package #13 is responsible for roof pipe flashings and counterflashing's required for own HVAC work. Bid package #4 is responsible for installing these metal flashings. JC</p>	04 - Roofing and Sheet Metal / 13 - HVAC	Scope Clarification
PB-12	Bid Package #12 Clarification	<p>From: Rick Delaloza - AME Builders, Inc</p> <p>Please clarify if bid package #12 will provide all roof flashings for the plumbing penetrations and install or provide to bid package #4 to install.</p>	<p>Bid package #12 will furnish the roof flashing for plumbing penetrations and Bid package #4 will be responsible to install. JC</p>	04 - Roofing and Sheet Metal / 12 - Plumbing & Site Utilities	Scope Clarification
PB-13	Existing Exhaust Fans	<p>From: Rick Delaloza - AME Builders, Inc</p> <p>What does 2301 represent in reference to the existing exhaust fans? And what bid package will be responsible for raising the ones that are less than 8" high?</p>	<p>Any adjustments to the existing exhaust fans will be the responsibility of the HVAC bid package contractor. Any electrical modifications are the responsibility of the electrical bid package contractor. , Keynote 23 01 will state the following: "New Rooftop Exhaust Fan, See M DWGS." The keynote will be populated on the roof plans in upcoming Addendum 2. Hernan ChavezDLR Group11/7/2022</p>	11 - Electrical and Low Voltage / 13 - HVAC	Scope Clarification
PB-14	Existing Conditions - Roof	<p>From: Rick Delaloza - AME Builders, Inc</p> <p>Since we were not able to walk all roofs, how will we verify existing conditions? Will another roof walk be scheduled?</p>	<p>No additional walks are planned at this time. JC</p>	04 - Roofing and Sheet Metal	Scope Clarification
