Vision Statement

The Vision of the El Monte Union High School District is to empower and motivate our students to be resilient, college and career ready, lifelong learners, and contributing members of our global society.

Located in the heart of the San Gabriel Valley, the El Monte Union High School District was established in 1901. Its high schools include Arroyo, El Monte, Mountain View, Rosemead, South El Monte and Fernando R. Ledesma High School. EMUHSD also features the El Monte-Rosemead Adult School, one of California's largest and most respected adult programs.

The District employs 623 certificated employees and 625 classified employees. The professional staff provides educational programs for over 8,000 students in grades 9 through 12 and 11,000 in adult education.

The population studies show that approximately 200,000 people reside in our attendance boundaries. The area that the District serves represents a cross section on interests, professions, and groups. The majority of income for people in this area is broadly grouped into industrial and factory worked and retail sales. The families who live in this area include many in the middle to lower income economic groups. The District philosophy of education calls for the school, the home and the community to work cooperatively toward the achievement of its educational goals.

With a commitment to excellence underlying all goals, the Board of Trustees constantly strives to provide outstanding educational services to the youth and adults of the community.

Mission Statement

The El Monte Union High School District will:

- Advocate, nurture and sustain a positive school culture through a challenging and rigorous, standards-based curriculum that promotes achievement for all students;
- Ensure management of the organization, operations and resources for a safe, efficient and effective learning environment that is conducive to student learning and staff professional growth;
- Collaborate with families and community members, respond to diverse community interests and needs, and mobilize community resources;
- Model a personal and institutional code of ethics and develop professional leadership capacity;
- Promote college and career readiness skills for all students.
