

El Monte Union High School District Migrant Education Program

The Migrant Education Program is offering academic support and credit recovery through the Cyber High program. Academic support for the Cyber High program is offered after school to all students who are currently enrolled in the program. If your son/daughter has received a "D" or "F", he / she can retake the class and obtain the credits through the online Cyber High program. Both the academic support and Cyber High programs are available at the schools listed on this flyer. Please contact your child's mentor to verify that the class they need to retake is available. If your child's school is not listed, he/she can still receive the services mentioned at any of the following high schools.
